

Creami Gel Polish

Material safety data sheet

01 Product / company information

Trade name appearing on label	Creami Gel Polish
Product ranges covered	Creami, Cat Eye, Glitter and Shimmer gels
Chemical name	Various
Company	BEMI Beauty Box
Manufactured in	Taiwan
Date prepared	10-19-2026
Date revised	None

02 Composition / information

Ingredients	POLYURETHANE ACRYLATE OLIGOMER POLYMER ACRYLATE OLIGOMER ETHYLENE GLYCOL METHACRYLATE 1-HYDROZICYCLOHEXYL PHENYL KETONE 2-PHENYLBIS (2,4,6-TRIMETHYLBENZOYL) PHOSPHINE OXIDE
-------------	--

03 Physical / chemical characteristics

Boiling point	Not determined
Specific gravity (H2O = 1)	.84-.86
Vapor pressure (mm Hg)	Not determined
Melting point	Not determined
Vapor density (air = 1)	Not determined
Evaporation rate (Butyl Acetate = 1)	0
Solubility in water	Negligible below .1%
Appearance and odor	Oily liquid, colorless
Water reactive	None

Fire, reactivity & health

04 Fire and explosion hazard data

Flash point (method used)	280°F (138°C), open cup
Auto-ignition temperature	Not determined
Flammable limits	Not flammable
LEL / UBL	Not determined / not determined
Extinguishing media	Class B Water Fog
Special fire-fighting procedures Fire fighter should wear full bunker gear, including a positive-pressure self-contained breathing apparatus.	
Unusual fire / explosion hazards	Not identified

05 Reactivity data

Stability	Unstable []; Stable [X].
Conditions to avoid	None identified
Incompatibility entries	None. Oxidizing agents, Acids & bases (heat).
Hazardous decomposition / byproducts	Avoid fluorine Chlorine & Strong Oxidizers.
Hazardous polymerization	May Occur []; Will Not Occur [X].
Conditions to avoid (polymerization)	None

06 Health hazard data

Primary routes of entry	Inhalation? Skin? Ingestion? Not hazardous [X].
Carcinogen listing	NPT; OSHA; IARC; NOT LIST [X].
Acute / chronic health hazards	None known / None known
Signs and symptoms of exposure	None known
Emergency first-aid procedures Seek medical assistance for further treatment, observation and support if necessary.	
Eye contact	Flush with water; if irritation persists, call physician.
Skin contact	Wash with soap and water.
Inhalation	Not applicable.
Ingestion	Call physician immediately; do not induce vomiting.

Protection & handling

07 Control and protective measures

Respiratory protection	None required.
Ventilation: local exhaust	Recommended
Ventilation: mechanical / general	Yes
Ventilation: special / other	Non / Nm
Protective gloves	None
Eye protection	Chemical safety goggles
Other protective clothing / equipment	None
Work hygienic practices	None

08 Precautions for safe handling and use

Spills or releases

Shut off leak, dike up spills. Absorb with an inert material such as sand vermiculite earth.

Waste disposal method

All notification, clean up & disposal should be carried out in accordance with Federal, State & Local government regulations.

Handling and storage

Keep away from heat and flame. Do not store near strong oxidizing agent.

Other precautions / special hazards	None
-------------------------------------	------

09 Reactivity hazard data

Chemical stability / conditions	Stable [X]; Unstable []. Conditions to avoid (if unstable): None.
Incompatibility (materials to avoid)	This product is incompatible with water.
Hazardous decomposition products	From burning, heating, or reaction with other materials: burning may liberate oxides of sulfur.
Hazardous polymerization	Will not occur.
Conditions to avoid (if may occur)	Do not premix with other chemicals.

Toxicology, environment & transport

10 Toxicological information

Ingredient-specific toxicity	No known health hazards.
Acute toxicity effects data	Inhalation (Rat) LC50: Not established. Other acute effects: None known.
Chronic / subchronic data	None known
Regulated carcinogens This product contains no component present at concentrations equal to or greater than 0.1% listed by IARC, OSHA, NTP or ACGIH as a carcinogen.	

11 Ecological considerations

Biodegradability	The product itself and products of degradation are not toxic.
Fish toxicity	May be harmful to freshwater aquatic species that are not saline tolerant.
Environmental effects	May be harmful to plants that are not saline tolerant.
Accumulation / ecotoxicity	Not determined / Not determined

12 Disposal considerations

Dispose in accordance with all federal, provincial, and/or local regulations. Empty containers retain product residue; observe all hazard precautions.
Do not distribute, make available, furnish or reuse empty container except for storage and shipment of original product.
Remove all product residue from container and puncture or otherwise destroy empty container before disposal.

13 Transport information

US D.O.T.	Not regulated
IATA (air)	Not regulated
IMDG (vessel)	Not regulated

Regulatory information

14-15 Regulatory information

Sections 302 / 311 / 312 / 313 Not listed / Not listed / Not listed / Not listed

Reportable quantity
(RQXCWA/CERCLA) Not applicable

Canadian regulations

CEPA (Canadian Environmental Protection Act): All ingredients are on the DSL (Domestic Substance List).

WHMIS classifications: This is not a (WHMIS) controlled product in Canada.

Other regulatory statements

CA Proposition 65: No California Proposition 65 chemical(s) are known to be present at or above the significant risk level.

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulation and the MSDS contains all of the information required by the CPR.

EINECS status: All components are included in EINECS inventories or are exempt from listing.

EPA TSCA status: All components are included in TSCA inventories or are exempt from listing.

16 Other information

NFPA rating Health 1; Fire 0; Reactivity 0.

HMIS rating Health 1; Fire 0; Reactivity 0.

Hazard scale 0 = Minimal; 1 = Slight; 2 = Moderate;
3 = Serious; 4 = Severe.

Other information

The information presented herein, while not guaranteed, was prepared by competent technical personnel and is true and accurate to the best of our knowledge. All statements or suggestions are made without warranty, express or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state and local laws and regulations remains the responsibility of the user. This information is not intended to be all-inclusive as to the manner and conditions of use, handling and storage. Other factors may involve other or additional safety or performance considerations. Safe handling and use remains the responsibility of the customer.
